

North-East Essex Pubs – Pictures and Miscellany.

As part of our Inns, Taverns and Pubs of Colchester project, we have gathered various additional material that does not appear in the book. As we have done for the Colchester pubs alphabetical index, here you can see this information, broken down by town and village, not by pub name. It is far from complete but can be treated as complimentary to the work done by other pub historians in the area.

These pubs are all within the CO (Colchester) postcode range. The list is mainly based on the pubs that were found in alehouse licensing authority records, as follows:

Lexden and Winstree, Tendring, Harwich, Brightlingsea.

Those places marked within brackets are 'out of area', and are not in the book, but are included anyway, simply because we had the information.

Just click on the location link for further details.
